Web Announcement 1527

Attention Provider Type 22 (Dentist):

Use Individual Servicing Provider's National Provider Identifier on Claims

Beginning March 1, 2018, provider type 22 (Dentist) will be required to bill with the individual servicing provider's National Provider Identifier (NPI) in Field 54 of the ADA Claim Form or Loop 2310B NM109 field of the electronic transaction 837D. Any claims received by Nevada Medicaid on or after March 1, 2018, with the group NPI in Field 54 will be subject to recoupment.

Please note: If the dental services being billed were performed by a dentist, the NPI of that dentist must be entered on the dental claim as the servicing provider. A licensed dentist may authorize a dental assistant in his or her employ and under his or her supervision to do certain procedures as specified by law. In that case, the NPI of the dentist who is on-site and supervising the performance of the dental services must be entered on the dental claim as the servicing provider.
